THE GAP

STORY is born in that place where the subjective and objective realms touch.

<https://www.youtube.com/watch?v=I2OLNvpN7IQ>

As in life, so in fiction. When objective necessity contradicts a character's sense of probability, a gap suddenly cracks open in the fictional reality. This gap is the point where the subjective and objective realms collide, the difference between anticipation and result, between the world as the character perceived it before acting and the truth he discovers in action.
